

Dears,

From January 5th until August 2026 **Botanique Hotel Prague** will be fully closed due to a major renovation and expansion. We will redesign our reception, lobby, restaurant and conference areas, and add a new wing with around 50 premium rooms. It will be the biggest transformation in our history.

During this period, lunch menus will unfortunately not be served at Botanique Bistro.

Thank you for your loyalty and visits in the past period. We truly appreciate your support and are pleased that we will be able to welcome you again after the completion of the renovation and expansion, which will bring a new and even more pleasant Botanique.

We will keep you informed about further news.

Best Regards

Botanique Hotel Prague Team
